FILE HEADING.

Season prospects in the Kunkur District.

From

The Revenue Commissioner in Mysore

O. M. No. 8329 / 498 Dated 19-3-06 Received 19/20-3-06

Diary No. 8484 | Enclos. nil Spare Copies. | Serial No. 20

BRIEF ABSTRACT OF LETTER.

Forwards Kunkur Dy. Comr's letter No 498 dated the 17th March 1906 requesting that a sum of Rs 782 be placed at his disposal to enable him to start certain relief works to provide labour for the labouring classes in some of the villages early next month

NOTES AND ORDERS.

The previous letter of the Deputy Comr (No 792 dt 15/3/06) was submitted to the Dewan Sahib on 17/3. May this be submitted in continuation?

20/3/06 Ev 13/6

K. 20/3/06.

The Rev. Jones has not given his opinion. The Dy. Comr

NOTES—First sheet

Serial No.

does not say whether the tanks referred to are major or minor & whether they are restored or not. Nor does he say whether earth or stone work or both are contemplated. - If they are minor tanks, sums have been assigned by the P.W.D. for their repair & placed at the Dy. Comrs disposal. If they are major tanks the Executive Engineer has funds and power to deal with them. - In fact the proposal has come without details. Expansion of the ordinary tank works (both minor & major) may perhaps be ordered.

Subd

+ this is about remissions & postponements of revenue in the Dt. this has been submitted to the Dewan Saheb & no orders have as yet been passed -

The Dt Commr's report+ of the 15 March 1906 and the orders thereon are not in this file. I am not aware at what stage this district is.

The list of works in this file contains the names of several works in each taluk in the district - not only earthwork to tanks, but the construction of wells, the making of roads, the repair or extension of channels or walls, filling in ditches & other sanitary improvements.

When the time comes to start relief works, the Dt Commr has power to select works for execution subject to the control of the Revenue Commissioner (Section 75 of the new famine code.

Two things are now asked for :—

(1) a general grant of funds for the purpose of undertaking village works to provide labour

(2) Sanction of Govt, under the note to Section 24 (a) of the Famine Code to execute as relief work at the cost of Govt, the earth work to village tanks which in ordinary years is expected to be done by the villagers themselves.

NOTE—Contn. sheet.

MGCPB—20,000—1.V.04.

Serial No.

The first may be sanctioned if the Govt. have had before them the reports contemplated in Sections ⊗ 36 and ⊗ 41, and they are satisfied that the period of observation and test has passed & famine conditions exist.

As regards the second, I beg to submit the following :-

Along with the note aforesaid to Sec. 24 (a) which, by the way, has been continued from the Code of 1896, the following rule ~~of~~ the Central Provinces Code was submitted for consideration in the Council, namely -

"Where projects of civil works are ample, preference shall be given to those which are remunerative, or, failing them, to those works of real utility which are not likely to be carried out by the people themselves, rather than to the carrying out, at the expense of Govt., of repairs which the people can and frequently do execute for themselves in ordinary years."

In deciding to retain the note as in our old Code, the Council remarked that the Govt. would use their discretion in dealing with applications for such sanction

The opening of works of this kind may be required either for the relief of the people of the villages in which they are situated or for the relief of other people. The grant of loans to the villagers under the recent orders of Govt.

† This relates to preliminary report to Govt. This has been ~~Rob~~ received & ~~Subd~~ to the Divn.

⊗ Sec 41 relates to opening of test works. No report has been received to the effect that any test works were opened in the affected parts.

MGCPB—50,000—17-2-0,

Serial No.

would seem to serve both purposes; and I believe that under similar circumstances in the Kolar Dt. this course was resorted to. The Dt Commr, Kolar, obtained grants from Govt to enable him to give loans to the villagers for repairing such tanks. These and other takavi loans should be granted in good time. (Secs. 35 K, and 261.)

17.4.06

X Files on the subject submitted by the Dewan Sahib.

P These relate to grant of Takavi advances.

The Famine Dy. Commr wants about a lac & a half to start relief works as per list submitted by him. It is a question if the time has arrived to start such works. Would it not be sufficient if the ordinary tank works &c. are expedited wherever necessary? Then remains the question if the Ryots may be excused from doing their share of Earthy work in case in the Devanjéré Taluk the Dewan Sahib was pleased to excuse this liability

for employment felt in some parts of the distt I have in my note of the 25th inst to the Dewan, recommended the immediate starting of these works to relieve distress. The cost of Earth work will in the first instance be advanced by Govt and recovered from the ryots in convenient instalments on the advent of better times. I have advised our Dosn. Sunnis Dyer to take the necessary precautions from the ryots before advancing the cost of Earth work for minor Tanks

Dated Tumkur, 27th March 1906

From

K. Doraswami Iyer Esq.
Deputy Commissioner, Tumkur District.

To

T. Ananda Row Esq. B.A.
Revenue Commissioner in Mysore.

Sir,

In continuation of my letter No. 498, dated the 16th instant asking sanction for a few urgent relief works, I have the honor to send herewith a further selection of works from our village Relief Programme. Of course it is not intended to start all these works immediately, but it would be useful to have Govt sanction beforehand, so as to be able to start a work as the necessity for it becomes evident. As some of these works might have to be taken in hand in the latter part of April, I solicit early sanction.

I have etc....

OFFICE OF THE REV. COMR. IN MYSORE,

Bangalore.....7th April.....1906.

FROM

T. ANANDA ROW, ESQ., B. A.,
Revenue Commissioner in Mysore.

To

The Secretary to the Government of His Highness
the Maharaja of Mysore,
General & Revenue Departments.

SIR,

In continuation of this office No. 8817 dated 2nd April 1906, submitting for sanction certain proposals of the Deputy Commissioner, Tumkur District, regarding the starting of village relief works, I have the honor to submit herewith in original for the information of Government D.O. letter dated the 30th March 1906 from Mr. K. Doraswami Iyer and to state that no subsequent or further report has been received here.

I have the honor to be,

Sir,

30 March 1906

My dear Dew

I have just rec^d from Tinker's Copy of Secretary's docket No 12295 Agri. 107-05-22 of the 24th inst. forwarded with yr. ~~letter~~ memo. of the 27/28 inst. in regard to my application for funds to start a few Relief works. The tanks in question are "minor" & the funds sanctioned in the P.W. Department under the Minor tanks restoration scheme have no application here. In the case of the tanks to be treated under that scheme the ryots wd have to do the earth work. In regard to the tanks now proposed to be taken up as "relief" measures the famine code applies & we wd have to pay for the Earth work. They are not to be construed as merely an ordinary expansion of works not provided for in the Current year's budget. The only special reason for starting them is to find ~~it~~ a means of livelihood for the people in those parts. The Estimate includes both Earth work & masonry I transmit a copy of my letter & am now likewise addressing the Secretary's Docket

More fully - I think however that I said that they were to be started as "Relief" measures If more information than I can give now is wanted I beg you to be so good as to send me a line to Tuticorin. Meanwhile as the matter is pressing I shall be glad to have Govt. sanction early. &c

Yours Sincerely

K O Krumbegger Esq

I. Assam Rice Esq

Commissioner of Rev. Comm.
